

# AQUATIC ACCESS INC.

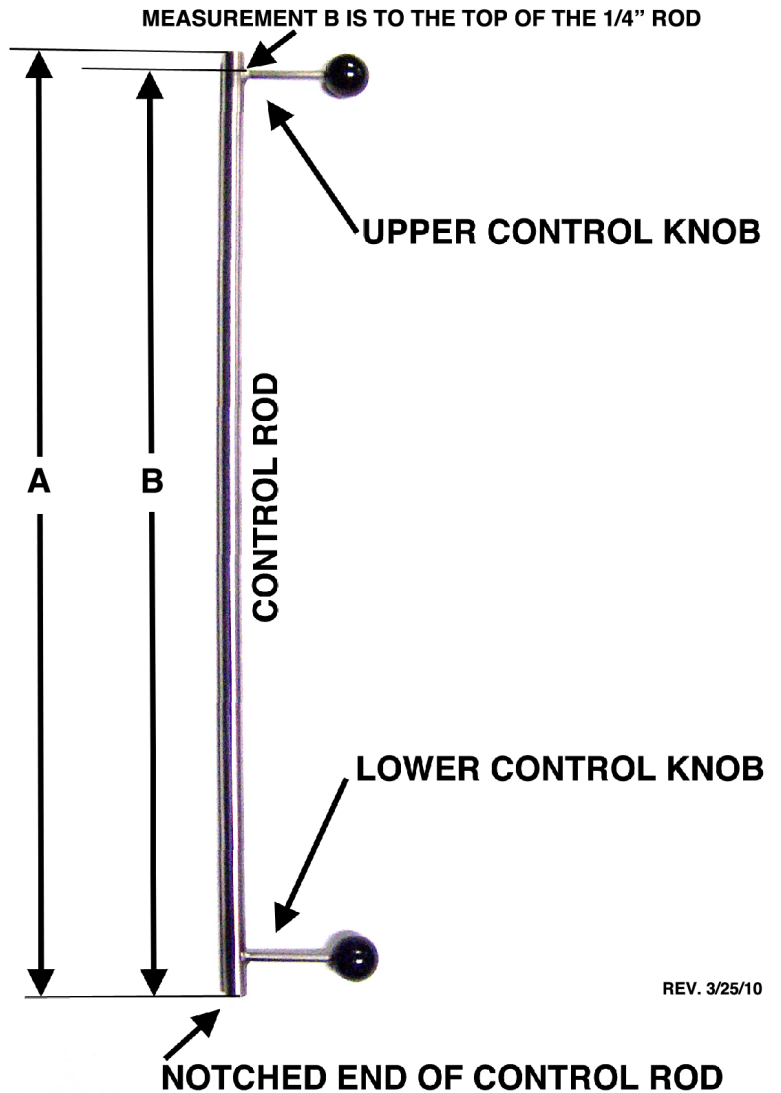

## IGAT Control Rod Replacement Dimensions Required

Every Aquatic Access IGAT Pool Lift is built to fit a specific pool.

To order the correct replacement control rod for the lift, please provide the total length of the control rod (A).

To provide the length from the notched bottom of the control rod to the top of the upper control knob's welded-on 1/4" rod (B).

Always include the serial number (located on the label on the lift's cylinder) when ordering service parts for an Aquatic Access lift.
